

Nautical Channel Expands in the Baltic

Nautical Channel expands in Finland with Ålcom in their basic package, and in Estonia with STV in their sports tier. The Baltic Sea is one of the world's premiere sailing and boating playgrounds where different countries promote sailing sports and leisure.

"Nautical Channel is glad to be able to bring the nautical world to more screens along this famous body of water." - Laurence Hopper, CEO of Nautical Channel

"Ålcom is glad to distribute Nautical Channel to our customers on Åland Islands and Finland. We know that there is a great interest in sailing in Scandinavia and now our customers have access to world class nautical sports through our IPTV service." - Daniel Dahlen, CEO of Ålcom

STV is the second largest cable operator in Estonia which offers cable TV, broadband and IPTV connections.

Alands Datakommunikation AB (Alcom) (Finland) supplies Broadband Internet access and related services to residential and business customers on the Åland islands, as well as to ISPs in neighboring regions. The DSL network, together with the regional fiber optic network, provides an infrastructure for future Broadband services such as video-on-demand and broadcast video.
